Details of **Ladies** **Competitions**

amended

JANUARY 2022

LADIES COMPETITION DETAILS – UPDATED JANUARY 2022

Please be aware of current Entry Fees and Prizes policy, the Summer and Winter Eclectic Competitions policy of February 2014 and Knock-out policy adopted in June 2018 AMENDED August 2021 which all must be referred to in conjunction with this document and can be found in the appendices at the end of this document.

The Competition Secretary is responsible for administering all Medal, Stableford and Par competitions plus the Cups, Mail on Sunday, Daily Mail foursomes qualifier, The Stableford Salver, The Roworth Salver, The Coronation Foursomes, The Winter foursomes knockout and all the other Knockouts as well as the fun competitions. The VETS run the Grandmother's Coaster, VETS Championship and the Chris McCormick Cup supported by the Competition Secretary and IG.

All competitions meeting the criteria of authorised formats of play are acceptable for handicap purposes – this will be posted on IG under the summary of the competition.

The Captain and Committee are responsible for the Club Days, (although these are generally run by volunteers), the Spring and Autumn Meetings, the Open Days, League and Friendly matches, the Past Captains Day and the Invitation Day.

Online sign-up sheets for the Ladies' blocked times are available from 3 weeks prior to the competition date. If necessary, tee times can be booked outside these blocks by calling the office. Knockout competition tee times can be booked 3 weeks prior to the competition date **via the office** (not at reception or online)

Start sheets for competitions – most of which are played on both courses unless specified otherwise, are available to be viewed on the IG system up to midnight the day before the competition. Results can be found online once the competition has been finalised and a monthly list of prize winners will be displayed on the board. Prize monies will be credited to the players accounts in the Pro Shop except for the Venerable Vets where money will be added to their club account.

Knockout Competitions are available for sign up 6 weeks before start date.

Entry to all competitions must be paid on booking a tee time. **An individual will only be deemed to have entered when the appropriate fee has been paid. Refunds will be made if an individual is unable to play on the day.**

All qualifying competitions are played off the red tees on the Church course and the tee of the day on the Holywell in accordance with WHS rules Appendix G subsection e.

Entry Numbers: **Eight** players constitute a competition when playing for a Cup whilst **two** players constitute a competition when not playing for a cup.

At the 23 August 2011 meeting it was decided "A competition card must be marked by a playing partner entering the competition; in exceptional circumstances only can it be marked by a member with a handicap who is not entering the competition". This was replaced see 2020

At the 5 February 2013 meeting it was agreed that "For competitions where a person or team win and are nominated to represent the club e.g. Daily Mail Foursomes, Coronation Foursomes, Vice Presidents Cup, etc and then are unable to play due to unforeseen circumstances the runners-up in

the original competition are then asked to go through instead. If they are unable to take that place, then the next to be asked will be the person who was defeated by the runners-up and so on in count back order”.

2017 – **Marking Cards** - Exceptional circumstances are deemed to be situations where a player has entered a competition and their playing partner withdraws or does not arrive and they are left without a card marker. Another player may accompany the player in the competition to mark their card, but that player is not then obliged to also enter the competition. This arrangement is only acceptable when the situation arises at the last minute and not by prior arrangement. This was replaced by the rule below.

2020 – In consultation with the Club Captain it was agreed that there would be a set of rules for competitions applicable to all members of St Enodoc (see appendix 1). The committee agreed with the ‘new’ rules which included an alteration to the above rule regarding marking of a card – the new rule reads **“A competition card should, wherever possible, be marked by a fellow competitor. However, where this is not possible the marker must be a member of the club and hold an official handicap”**.

See Rules for Handicapping Rule 2 - Scores acceptable for Handicap purposes – Appendix 6 shows the “authorised formats of play”.

December 2021 – the policy regarding Competitions and Inclement Weather was updated at the Ladies Committee meeting held in December 2021. See Appendix 7.

A register of individuals allowed buggies in competitions will be kept by the Ladies' Committee.

During Competitions the buggy is for the players sole use and must not have side covers, or where they are an integral part of the buggy they must be rolled up, so as not to gain an unfair advantage in adverse weather conditions.

Permission to use a buggy does not guarantee the availability of a buggy this is solely reliant on the number of buggies available.

MEDALS

Entry fee as per current **Entry Fees and Prize Fund** document – Appendix 2

The England Golf Union states:

The Committee must run a minimum of four and up to twenty-four stroke play competitions for the EG Medal awarded annually to each affiliated club. Any, or all, of these competitions may be played in conjunction with a club stroke play competition, as authorized by the Committee.

This means that we can run as many Medals as we like on either course but no more than 24 will count as EG Medals, any more than 24 are normal medals. Medals are normally be held on Tuesdays.

Also, although it has been decided that club policy is to limit the handicaps to 28 (for ladies) on the Church course, we must allow all players with a handicap to play in any EG Medal on either course.

The best 4 nett EG medal scores in a year will qualify for the Regional final each year.

All medals will have the recommended playing allowance of 95% of course handicap.

Knockout competition; two competitions, one on church and one on Holywell. Small cup given for Holywell.

Church winners to represent St Enodoc Golf Club in The Daily Mail National Tournament

Started as a round robin competition but was decided in 2008, due to lack of entries and failure to play all matches, that this should be a knockout. (In 2010 it took approx 6 weeks per round). For 2012 it was reinstated as a round robin as a trial. (Not a success)

If played as a round robin:

The number of entries determines the number of groups, if more than one group, the winners of each group go into a play off. Matches will be 18 holes there is no need to play to a conclusion. Points are awarded as follows: 2 points for a win, 1 point for a halved match, no points for a loss. In the event of a section tie – the winners will be the pair with the most holes won.

CLUB CHAMPIONSHIP CUPS

ST ENODOC LADIES STROKEPLAY – Scratch winner (Formerly the Barbara Robson Trophy)

36 hole medal – Ladies Club Champion

FOSTER CENTENARY TROPHY

Donated by Sue Foster, Captain in Centenary year intended to be played in conjunction with the Strokeplay Trophy

36 hole medal – nett prize

Both:

2005 - 18 holes

2006 - 36 holes

2009 - 36 holes (has remained as 36 holes ever since).

In 2009, after poor entry, Mrs Robson and Mrs Foster agreed that this competition does not **have** to be over 36 holes, but we kept it as 36.

In 2015 it was proposed that the Club Championships be changed to 36 holes over a weekend rather than on one day as a trial over 2 years. Due to diary clashes this did not happen, but the competition was played over two separate weekends.

In 2016 the championship weekend was set as proposed in 2015. As a result of changing from 36 holes on one day to two days Mrs Robson elected to withdraw her trophy.

A new trophy was purchased by the club for the Ladies club champion (scratch winner).

BARBARA WILLS TROPHY

Most improved Nett score between the two rounds.

This trophy started life as a bronze prize but due to lack of interest in **2010** it was made into an 18 hole competition following the first round of the 36 hole competition.

Due to low numbers it was revised again in **2011** to become a prize for the best net 18 holes out of all cards submitted for the day. This caused problems with the CSS so in **2012** it was amended to be a prize for the most improved net score between am and pm.

2016 became most improved score between the 2 rounds over the weekend.

Entry fee and prize as per current **Entry Fees and Prizes Appendix 2.**

No one can win more than one prize. Winner of a cup takes precedence over the runner up so if a player is 2nd scratch and 1st handicap they win the Handicap Cup.

Originally introduced to run alongside Crouch Cups (as above) to bring Church and Holywell players together on a Sunday.

2016 - after declining participation in recent years and insufficient numbers signed up for Sunday competition this year, the competition was rescheduled to Tuesdays and ran successfully. Mrs Dingle was subsequently consulted as to whether to revert to Sundays as per her original idea or to schedule for Tuesdays; she was happy to move the competition to Tuesdays to sustain participation.

2017 - scheduled to run on the same day as the Church course Hi-Lo Greensomes for the first round and on the June Open Day for the second round.

2020 – Several ladies who would normally play in the Dingle Trophy played in the Hi/Lo Greensomes, it was therefore decided that for 2021 the rounds of the Dingle Trophy would be played as follows:

POLICY FOR CLUB KNOCKOUT MATCHES

**In order to encourage greater participation please would all players do their utmost to arrange matches quickly and with minimum fuss.
Cancellation of arranged matches is discouraged.**

Handicaps

November 2020 – The introduction of the WHS means that the handicap a player uses for calculating the strokes received or given is the Course Handicap

Singles – Full difference

Foursomes – Half the difference of the aggregate Course Handicap of either side

Fourball Betterball – 90% the difference of player's full Course Handicap to the back marker (lowest handicap player)

Tees As defined on the competition draw

Arranging Matches

The draw should indicate (1) the name of the competition and the course, (2) the dates for each round - usually 3/4 weeks per round, (3) the handicap allowance and (4) a statement about the responsibility of players to arrange matches by the due date as per the policy. The last day of a round finishes on a Sunday and should not clash with any other important club fixture. All matches are played off the Tee of the day.

Both players/teams are responsible for contacting the other and are expected to offer 3 acceptable dates, minimum of one weekend and one weekday should be offered. Players are encouraged to make contact as soon as possible.

Should a player cancel or rearrange a match more than once without good cause the matter will be referred to the Lady Captain and the Committee as a result the player may forfeit the match.

If for any reason a mutually convenient date cannot be arranged, the player/team available and on the tee to play at 12 noon on the deadline date of the round shall be entitled to a walkover.

If a match is not completed by the stipulated date and a result is not entered on the draw sheet, both/all players shall be disqualified.

No extension to the deadline date for playing a round shall be granted without a medical certificate or other genuine reason (with suitable evidence required). Any such extension shall be agreed by the Competition Secretary.

In the event of extenuating circumstances that cannot be resolved by the players in conjunction with the Competition Secretary the issue will be decided by the Committee whose decision shall be final.

3. The player must inform the office and a member of the Ladies Committee (preferably the Competition Secretary) on the day.
4. The Ladies Competition Secretary shall be responsible for ensuring that club records are updated (minute at next committee meeting & arrange for office to update board).

APPENDIX 7

INCLEMENT WEATHER POLICY FOR COMPETITIONS AND HANDICAPPING Produced December 2021

General Handicapping Information

For a score to be acceptable for handicapping as a 9-hole score, all holes of the measured 9-hole course must have been played.

For the score to be acceptable for handicapping as an 18-hole score at least 10 holes of the measured course must have been played, consecutively, unless sanctioned by the Ladies' Committee.

Under WHS it is no longer acceptable to walk in and "NO RETURN" your score card, the only acceptable reasons to discontinue play and not return a score is:

- a) becoming ill, or injured,
- b) being called off the course for an emergency

In such circumstances, or similar, it is acceptable for a player to submit a "NOT STARTED" for those holes still to be played (or missed out).

Regardless of the validity of the situation, whenever a player indicates (checks in) that they will return a score card and commences play, a score must be submitted; regardless of whether the minimum number of holes have been commenced and completed.

When a player fails to submit a scorecard, the committee must determine if they have a valid reason for not returning a scorecard, if not it is likely that they will incur a penalty which will be recorded on the WHS record.

Inclement Weather procedure

1. Cup Competitions or inclusive Refreshments

When the forecast is for severe weather and the competition is either a Cup or refreshments are part of the competition, the Ladies Captain, or her designated representative, will make the decision to cancel the event within the 24 hours prior to the event.

2. Competitions with Reduced Holes

It may feel on occasions that due to poor weather, bad visibility or holes are being worked on that a competition can run on reduced number of holes e.g. Stableford Salver, this will be agreed before the competition commences by the Ladies Captain or her designated representative. The competition will count for handicapping purposes.

3. Medals and Stablefords

The Ladies Captain and Committee will not cancel or reduce any medal or stableford competition, it is the decision of the competitor to either play in the competition or withdraw.

Choices for the Competitor:

- a) To play in the competition
- b) To withdraw from the 18-hole competition, and, if applicable, play the 9-hole competition instead
- c) To withdraw from the competition and use their tee booking to play a few holes (less than 9).

THESE OPTIONS ARE ONLY AVAILABLE BETWEEN OCTOBER 1ST AND 31ST MARCH EACH YEAR.

Procedure for delay in play due to Temporary Course Conditions e.g. Frost

In the event of the CHURCH Course opening late due to closure because of frost, the ladies committee has decided that on the opening of the course players go out in threes according to their previously booked tee times e.g.

Original Times

08.56	Christine Henderson	Barbara Hawkins
09.10	Carole Waights	Jane Bendall
09.24	Annie Hawkey	Caroline Hume Kendall

These times become

	Christine Henderson	Barbara Hawkins	Carole Waights
	Jane Bendall	Annie Hawkey	Caroline Hume Kendall

The same will take place on the Holywell, if necessary.

In the event of the Church Course remaining closed the Holywell players will have priority; players go out in three's according to their previously booked tee times. The Church course players may follow on.

On any occasion players may go onto the Holywell before the first competition tee time, subject to there being free times.
