

Golf Sixes June 2022.

Twelve of our younger St Enodoc juniors have all signed up for this great format of golf, where only 6 are needed for each event. It's a shotgun start, only playing 6 holes in pairs and a Texas Scramble followed by prizegiving and food.

Matthew Warren and Ned Pywell made the perfect pairing with Matthew being long and straight and Ned's putting skills. Millie and Annabel were the next pairings and they had two birdies, followed by Jago and Samuel who were also a great pairing, as Samuel's accurate drives were matched by Jago's chipping to the green.

We had an extra player on the day, Harry Vetori, who after a shaky nervous start, played a great round of golf behind the other groups. It was decided that Harry was the one who deserved the Skills for Life Medal, for not giving up and carrying on, on his own. Well done, Harry.

Great fun was had by everyone, even the parents.

The next one is at St Enodoc on Sunday 26th June at 2.30pm.
